

Veteran's Day

(As Seen Through Art)

Thank You For
Your Service!
....and Inspiration!

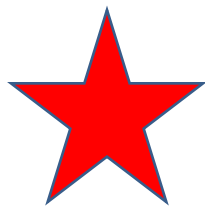

Thank you, also. to the
Artists who help us
remember.

This is for you.

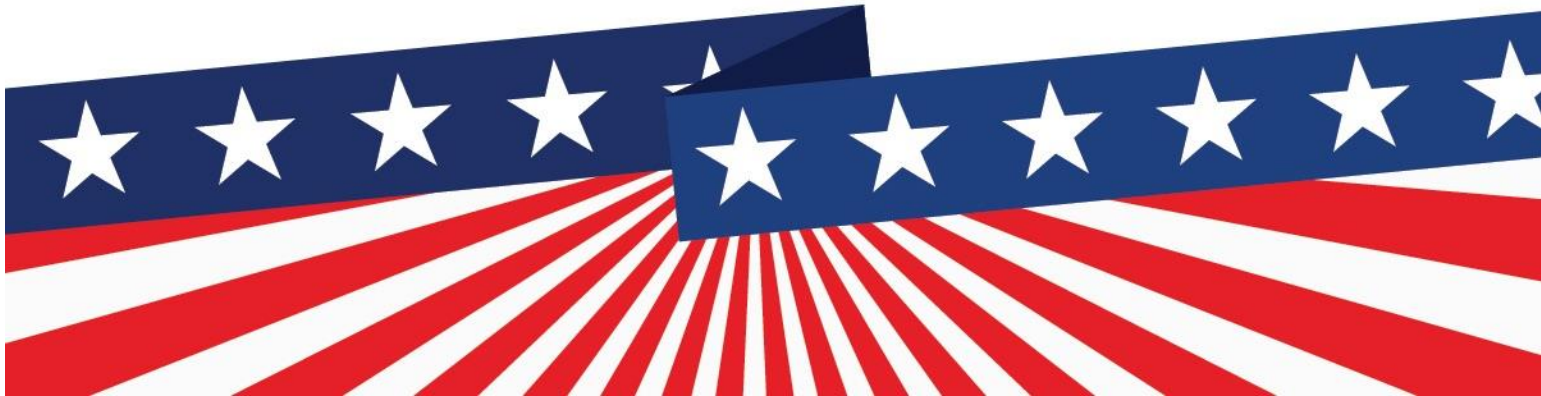

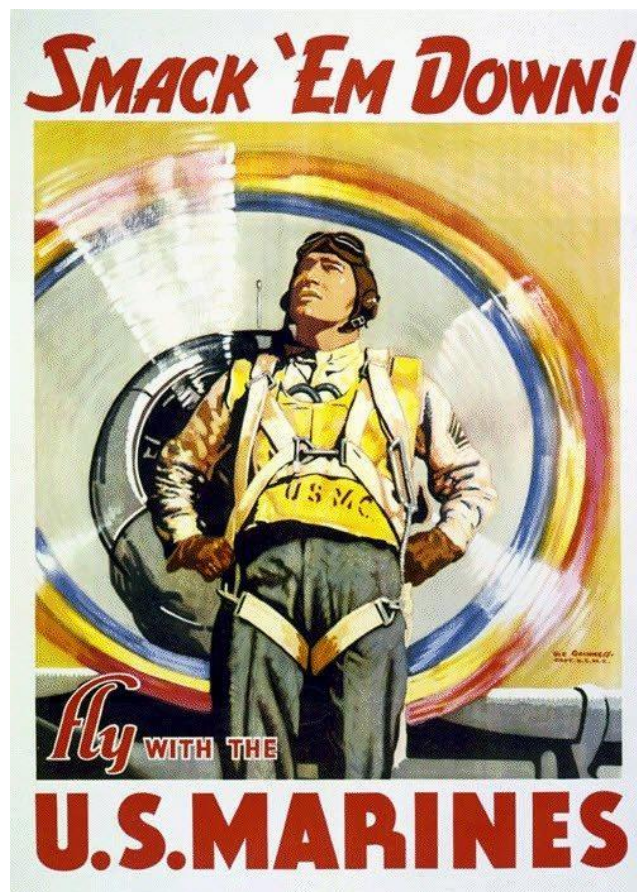

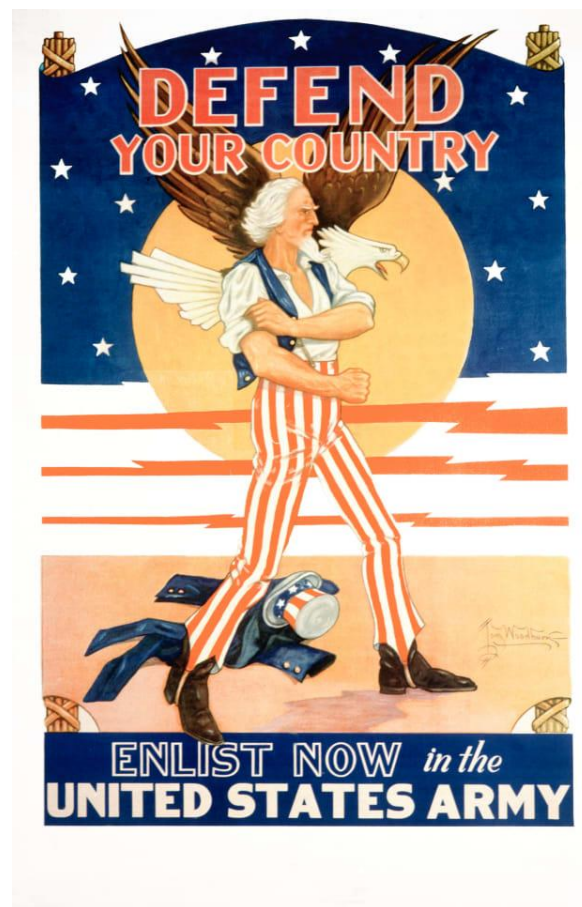

From Recruitment....

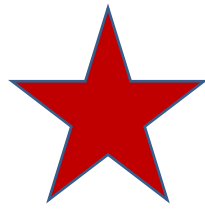

To Celebrating Victory!

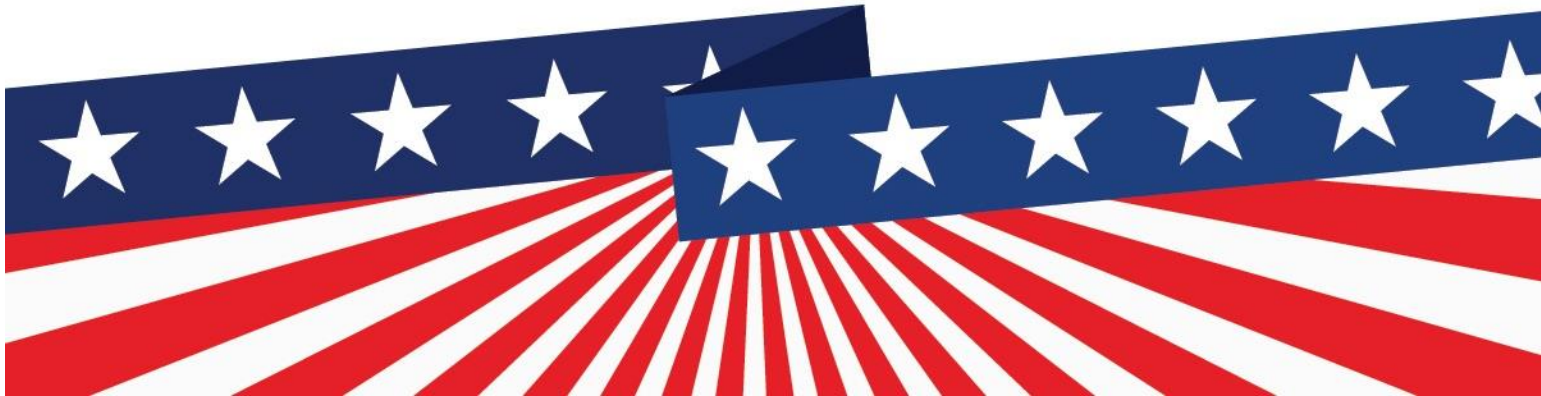

American Military and Artists always rose to every occasion.

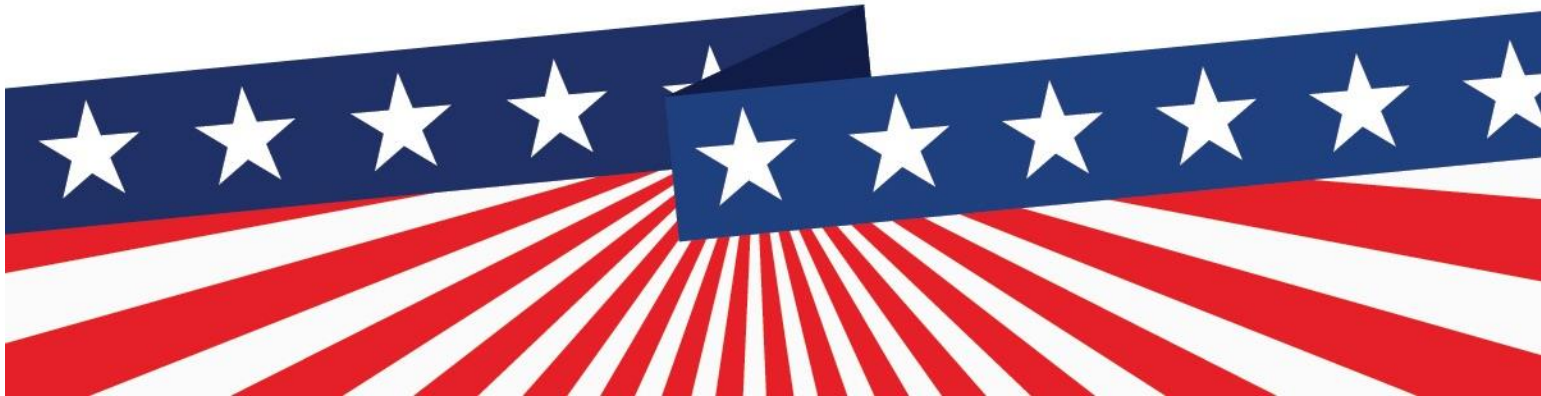

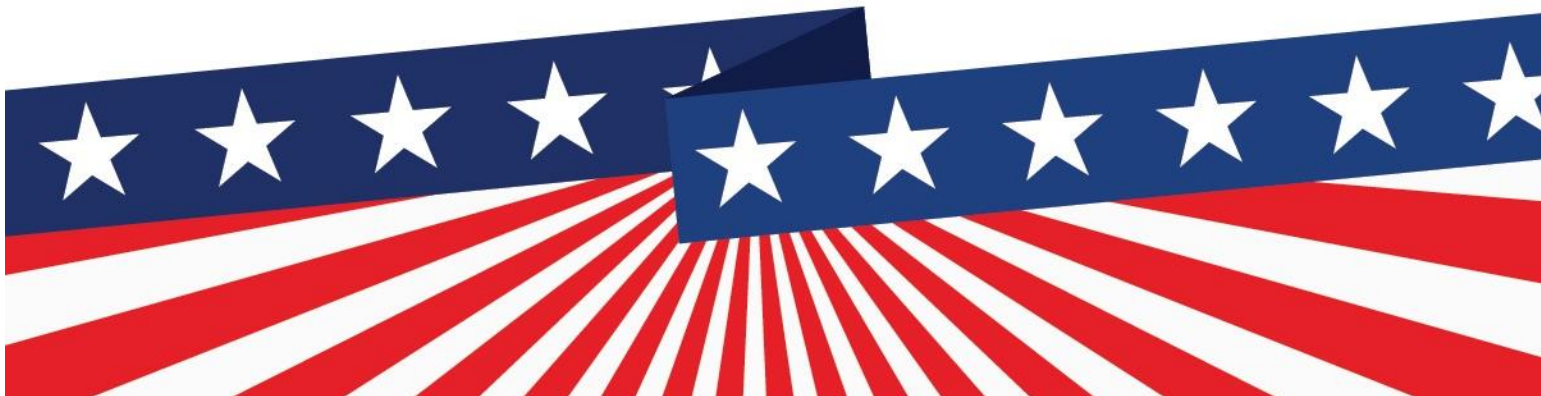

From Remembrance and Tribute,

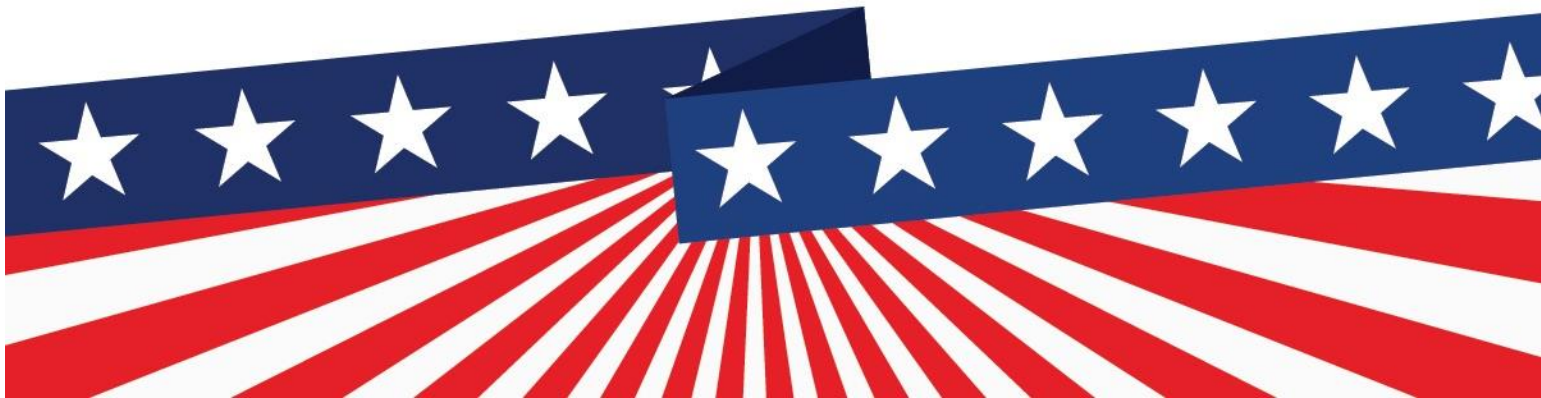

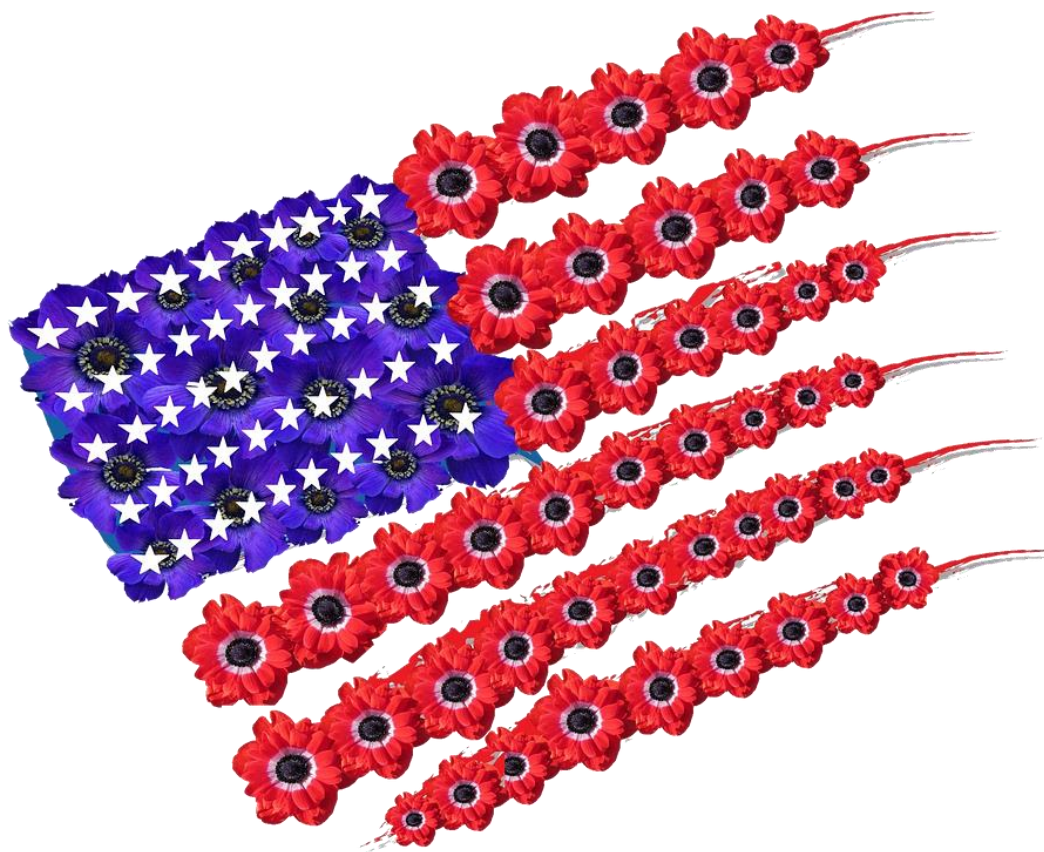

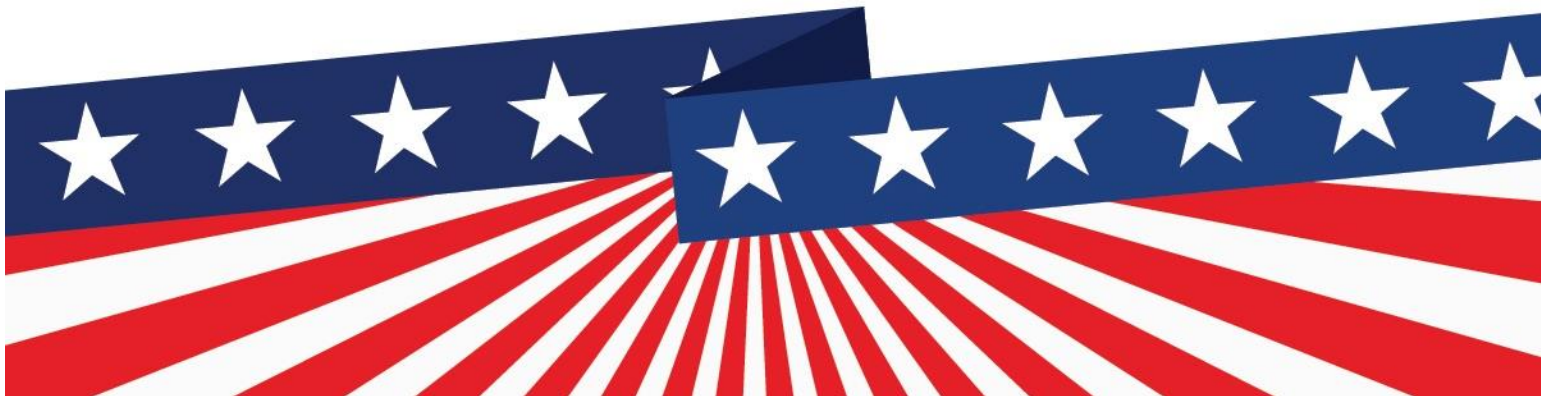

To Pride in American Symbolism.

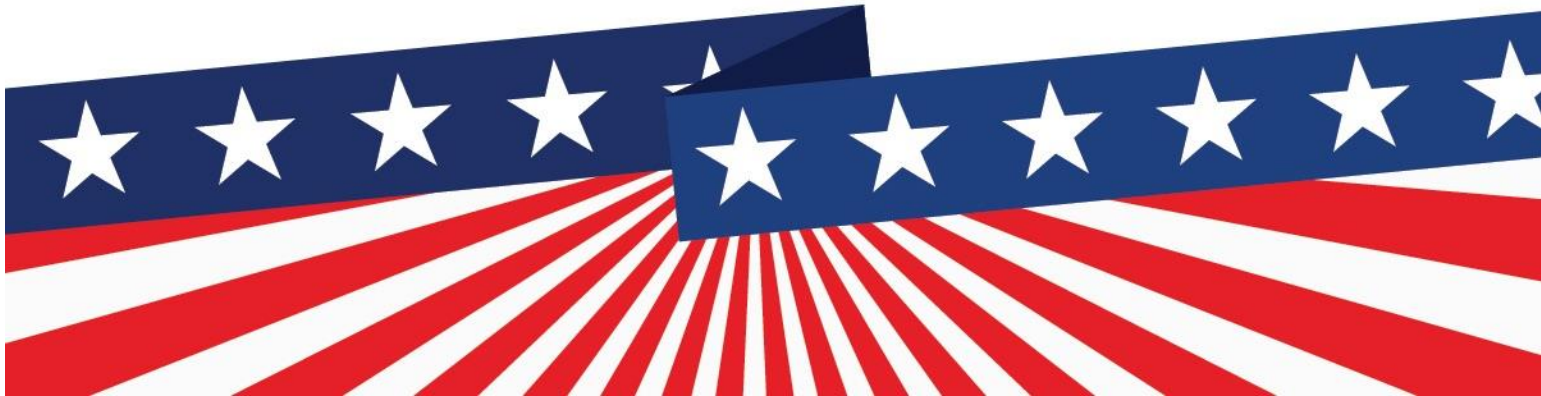

American Veteran's always gave us something to believe in and Artists were always able to show that visually.

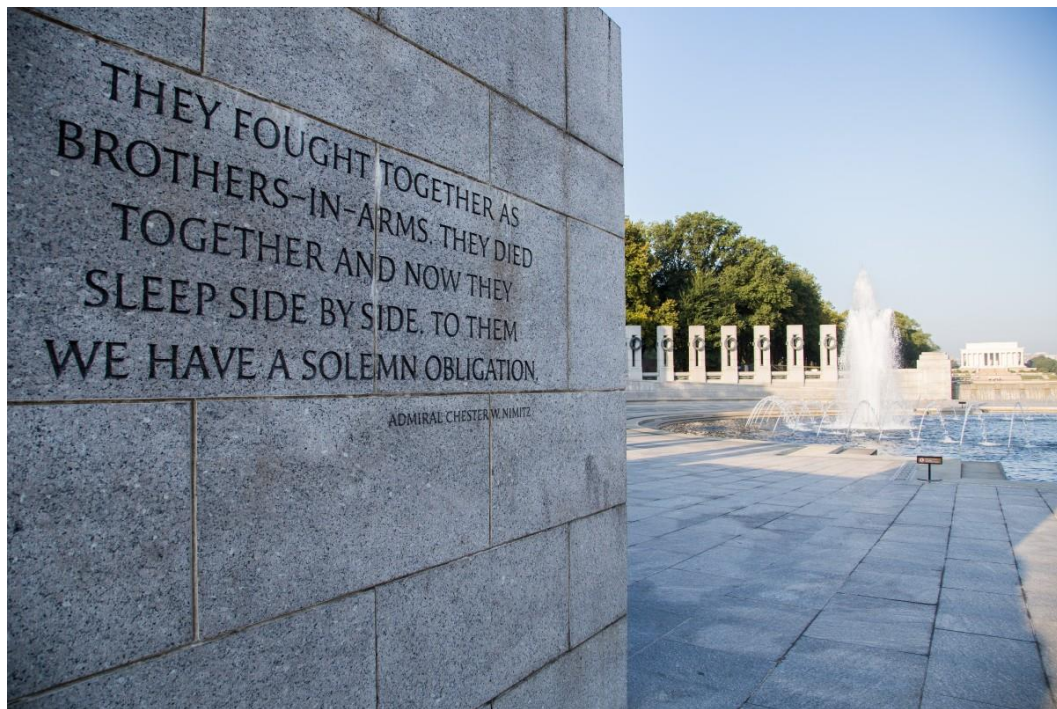

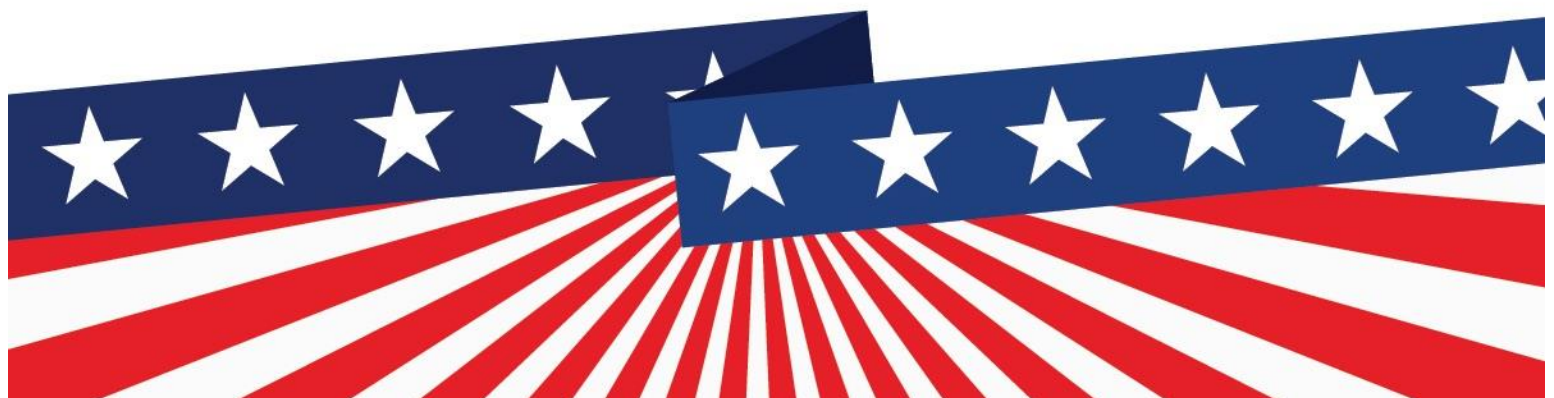

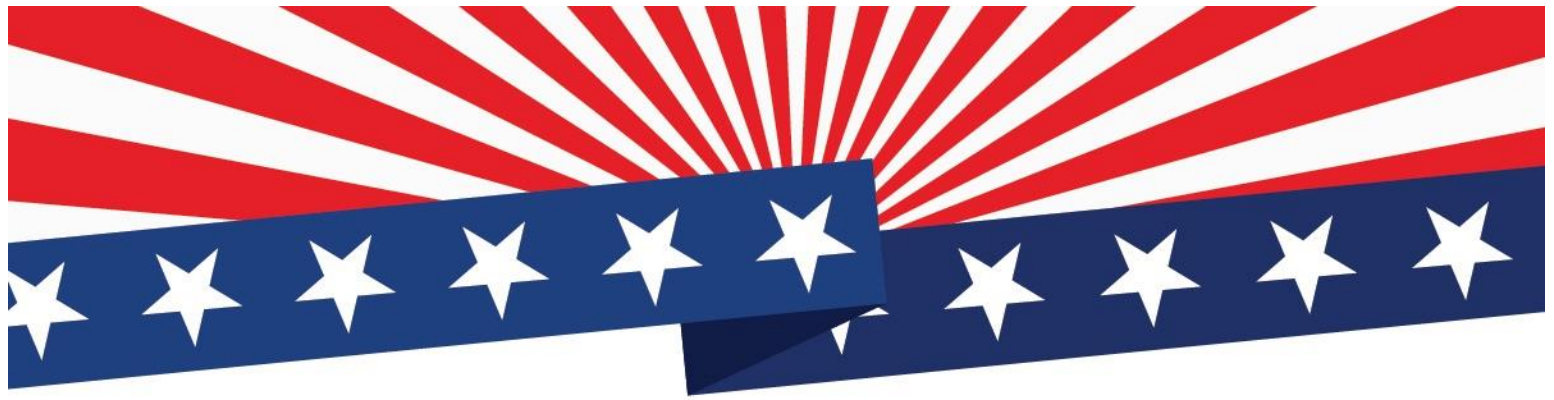

From Unifying Us,

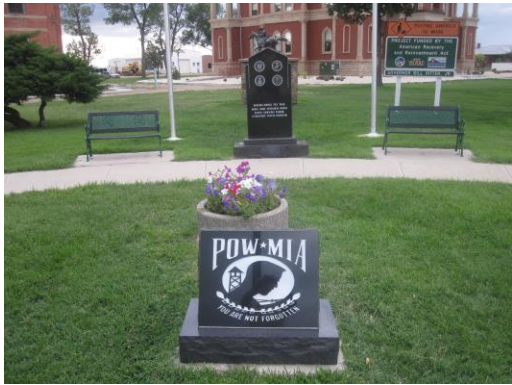

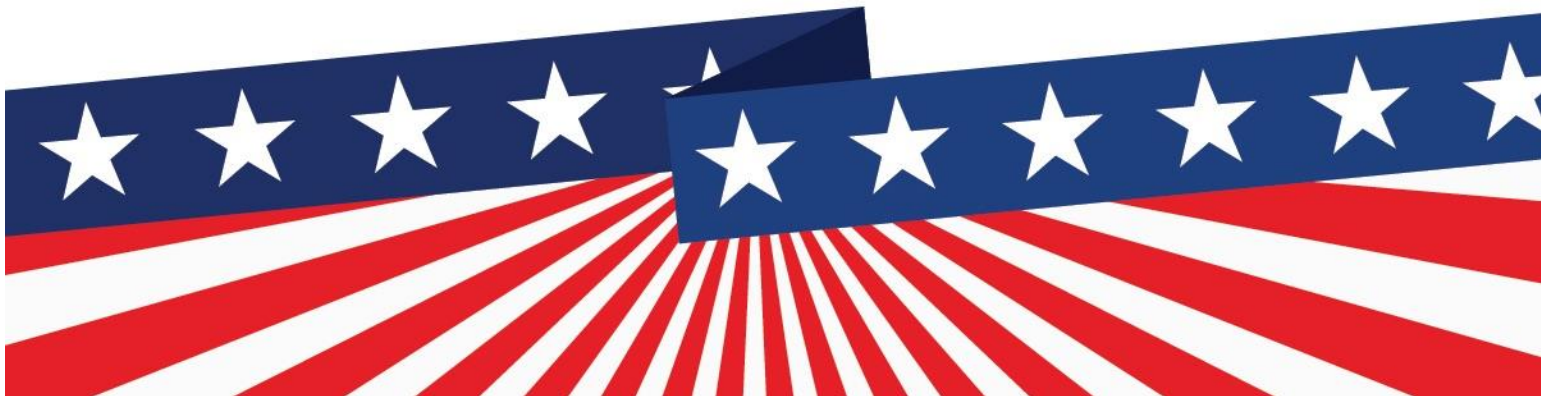

To Sacrificing for Us.

American Soldiers laid it all on the line, and
American artists were challenged to create
visual reminders of the men/women who once
were here to protect us.

Veterans,

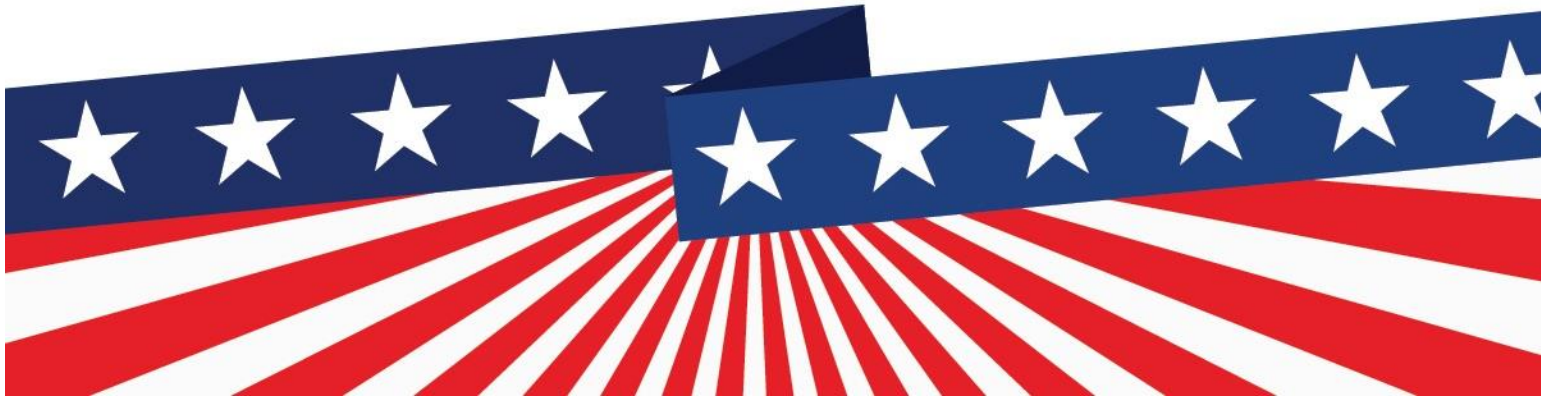

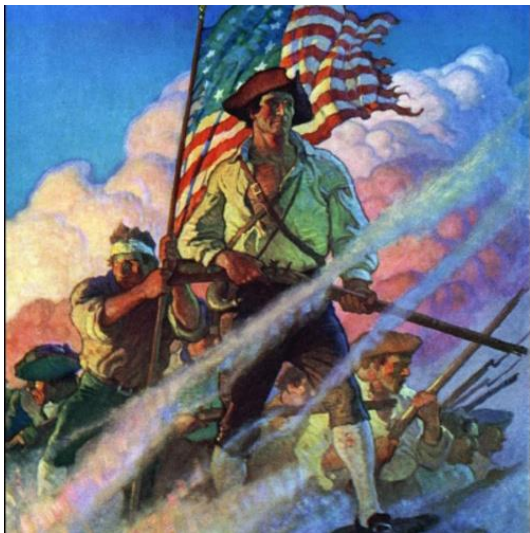

We would not be
America without
you, all you do, have
done, and continue
to do.

**Thank you to all branches of the
American Military.**

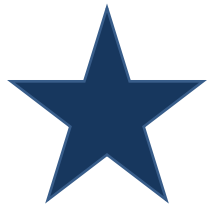

Who bravely charged into battle knowing the cost,

and who selflessly gave of themselves in ways we sometimes forget.

Here are a small few (some from Pennsylvania)
who represent all of Veterans.

Harrison "Sonny" Bell from Hazleton, Pennsylvania.

Dick Winters of Palmyra, Bill Guarnere of Philadelphia, and Harry Welsh of Wilkes Barre. Some members of the real band of Brothers (AKA EZ Company)

Pictured on the previous page.

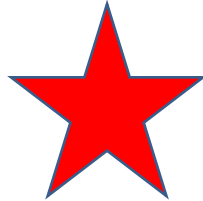

The Tuskegee Airmen Also known as the Red Tails. They were the first African American Combat Flyers.

Pat Tillman and Elvis Presley. (2 stars who put their country first)

Monuments Men-A special group of Veterans who saved artwork confiscated by the Nazis in World War II.

(Notice that one of the paintings saved is the Mona Lisa by Leonardo Da Vinci.)

Whether we know your name, or not

and thank you Artists for keeping a record of what they have accomplished.
