

1. **peripheral**- outer edges of sight
2. **assess**- to estimate value
3. **compensate**- to make up for
4. **potential**- possibility
5. **devastating**- overwhelming/destroying
6. **deteriorated**- worsened/declined
7. **summit**- highest point on mountain
8. **implemented**- to carry into effect

1. **peripheral**- outer edges of sight
2. **assess**- to estimate value
