Unit Plan

Unit Title: One of a Kind

Essential Questions: How can one person change the way you think?

Standards:

- **SL.3.2** Determine the main ideas and supporting details of a text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.
- RL.3.3: Describe characters in a story (e.g, their traits, motivations, or feeling) and explain how their actions contribute to the sequence of events.
- RL.3.6 Distinguish their own point of view from that of the narrator or those of the characters.
- **L.3.5a:** Demonstrate understanding of word relationships and nuances in word meaning. Distinguish the literal and nonliteral meanings of words and phrases in context.
- **RL.3.1** Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.
- RL. 3.4: Determine the meaning of words and phrases as they are used in a text, distinguishing literal from nonliteral language.
- **SL.3.1** Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 3 topics and texts, building on others' ideas and expressing their own clearly.
- **RL.3.7** Explain how specific aspects of a text's illustrations contribute to what is conveyed by the words in a story (e.g., create mood, emphasize aspects of a character or setting).
- RF.3.3c: Decode multisyllable words.
- RF.3.4b: Read on-level prose and poetry orally with accuracy, appropriate rate, and expression on successive readings.
- W.3.2c: Use linking words and phrases (e.g., *also, another, ad, more, but*) to connect ideas within categories of information.
- I.3.1a: Explain the function of nouns, pronouns, verbs, adjectives, and adverb in general and their functions in particular sentences.
- L.3.1f: Ensure sunject- verb and pronoun- antecedent agreement.
- I.3.2f: Use spelling patterns and generalizations (e.g, word families, position-based spellings, syllable patterns, ending rules, meaningful word parts) in writing

Example for Teachers

| DAILY PLAN | | | | |
|---------------|--------------|----------------------------------|--------------------------------------|-----------------------|
| Objective (s) | DOK LEVEL | Activities / Teaching Strategies | G r o u p i n g | Materials / Resources |

| Every performance or learning objective contains at least three parts: Observable Action (task), At Least One Measurable Criterion (standard), and Conditions of performance. | 1 2 3 4 | Activities What was used during instruction to address skills and knowledge (ex. Labs, research projects, interviews, presentations) Teaching Strategies Instructional strategies determine the approach a teacher may take to achieve learning objectives. | W S I | Materials;Resources Textbooks, manipulatives, supplies, tools, or other pertinent supplemental materials that aid or enhance learning expectations and instruction. |
|---|------------------|--|-------------|---|
| Ex. Students will Use knowledge of letter-sound correspondence to decode grade-level vocabulary when reading orally and silently. | | | | |

DOK Level 1 - Recall - measure, recall, calculate, define, list, identify

DOK Level 2 - Skill/Concept - graph, classify, compare, estimate, summarize.

DOK Level 3 - Strategic Thinking - assess, investigate, formulate, draw conclusions, construct.

DOK Level 4 - Extended Thinking - analyze, critique, create, design, apply concepts

Grouping

W – Whole Group; Whole class instruction is when teachers present a lesson to the whole class with little differentiation in either content or assessment for any student's ability. The purpose of whole class instruction is that all students are presented with a series of learning tasks to allow them to acquire and/or practice their learning. The pace of instruction is such that all students can master it. Learning is then assessed using standardized measures such as graded assignments or topic tests.

S – Small Group; typically refers to a teacher working with a small group of students on a specific learning objective. These groups consist of 2-4 students and provide these students with a reduced student-teacher ratio. Small group instruction usually follows whole group instruction. It allows teachers to work more closely with each student, reinforce skills learned in the whole group instruction, and check for student understanding. It allows students more of the teacher's attention and gives them a chance to ask specific questions they may have about what they learned. Teachers often use small group instruction to provide struggling students with intervention as well.

I – Individual; is an instructional method that personalizes instruction to the needs and learning style of the learner. This is done by varying the pace of instruction, the method of learning employed and the content to be learned. Often this is accomplished within the context of a larger group through the use of high-quality instructional materials and reduced lecture time. Individualized instruction is not the same as one-to-one instruction; it is simply varying the process to meet the needs of each individual learner in the group.
