

## Key Points Reading

# Caperucita Roja

Caperucita Roja lived in a village south of a forest. Her Abuelita was sick. Caperucita Roja went to visit her. She took a map to help her.

Caperucita Roja followed her map. Suddenly, Big Bad Wolf came out of the forest. He wanted to eat Caperucita Roja. Too many people were watching. Then he had an idea.

The wolf looked at his map. He found a different way to Abuelita's house. He put Abuelita in the closet. He put on her nightgown. He pretended that he was Abuelita. He was going to eat Caperucita Roja!

Caperucita Roja got to Abuelita's house. She looked inside. She saw two long ears, a very long nose, and two black eyes. That wasn't Abuelita! She went to the farmer's house. She asked for help. The wolf saw the farmer. He jumped out of the window and ran away.
