Teacher SPOTLIGHT

STUDENT SPOTLIGHT

John Ferrari

John is in the Student Spotlight this week. He was nominated by his teacher, Mrs. Steber. John attends class regularly and uses class time wisely to get his assignments done immediately. He is engaged in class and the material being taught. He participates in class on a daily basis and demonstrates great problem-solving skills. John has a desire to learn and grow. With such an outlook, John will change the world.

Say hello to the Cyber Academy's 2nd grade teacher, Miss George.

This is my first year teaching. I love the flexibility of teaching online and believe students have more flexibility as well. Making class more personalized for each student provides them an opportunity to work at their own pace.

I love spending time with my three nieces as well as my fiancé and kitten, Sheba. I have always been a dog person but recently found that I am now a cat person as well. My fiancé and I adopted Sheba this past September, and we are so in love with her.

The last book I read was, *Flowers for Algernon* by Daniel Keyes.

My favorite band of all time is The Backstreet Boys. I have been to many of their concerts and recently saw them live in summer 2022. We were fortunate enough to get Pit seats for this concert, which was the closest I have ever been!

If I could have dinner with one person, dead or alive, I would love to have dinner with my grandfather, who was my best friend.

The last show that I binge watched was *One Tree Hill*, which I have watched straight through more times than I can count. I love this show so much that I went to visit and explore Wilmington, North Carolina last summer, which was the place where *One Tree Hill* was filmed.

I would like everyone to know that my second-grade students are some of the best students I have ever worked with! They are so kind and such hard workers who make teaching cyber so rewarding.

Cat In The Hat Day

Miss Ednie's Class

Mrs. Kinney had guest reader Mandie Hendricks, a financial planner from Janney, come to class to read to the class. She read *One Cent*, *Two Cent*, *Old Cent*, *New Cent* and discussed money saving tips, budgeting, how interest works, and the differences between wants and needs! The kids loved her!
